Eamily and Engagement Personnel Growth, and

Comprehensive Strategic Plan 2019-2024

Introduction/Executive Summary:

The Lynchburg City School Board and division administration are committed to fulfilling the vision of, "Every Child, By Name and By Need to Graduation." The Lynchburg City Schools 2019-2024 Comprehensive Strategic Plan focus areas reflect a pathway to address critical needs to ensure academic growth, development, and success, for students and personnel. Lynchburg City Schools recognizes the importance of family and community engagement as well as fiscal responsibility to accomplish our vision and have set goals that are inclusive of these imperative components.

As the division strives to continue with our "Tradition of Excellence," we have also focused on "Leading with Care." Prior to the development of the Comprehensive Strategic Plan, "Community Conversations" were held to provide a voice to our stakeholders and receive feedback and concerns. We recognize the significance of providing genuine care, inclusiveness, and equity for our students, staff, families, and community. Having avenues and goals in place that support care, self-care, and equity, build strong foundations that can be depended on and built upon throughout our students' educational career and life. These strong foundations not only benefit our students and set them up for success, it benefits our community as well.

Lynchburg City Schools is home to a diverse intellectual population of students, staff, families and community. Goals for the 2019-2024 Comprehensive Strategic Plan have been created with determination to encompass all of our exemplary individuals, their needs, and play a positive role in their respective successful and productive futures.

The Lynchburg City Schools 2019-2024 Comprehensive Plan Goals are as follows:

<u>Goal 1 - Student Growth, Development and Success</u>: LCS affirms that all students are challenged and are actively engaged through a variety of academic pathways, resulting in successful outcomes for post graduate education, career training or military service. Each Lynchburg City School will be accredited and the achievement gap closed.

- Rationale: Lynchburg City Schools recognizes that students learn best when teachers routinely integrate highly engaging, purposeful, and authentic curriculum connections across and within all subjects; maintain the highest expectations for all students to achieve; intentionally design critical thinking activities; and use instructional strategies focused on problem-solving, creativity and higher-order inquiry. We also recognize that a student's growth is not limited to academic attainment; therefore, we support a balanced investment in all students' academic, social, emotional, behavioral, and physical development. We further understand that each student is unique and it is our responsibility as professional educators to incorporate multiple tools, methods, and strategies that best support child development.
- Equity Habits: In order to achieve our goal, Lynchburg City Schools will be purposeful and intentional about identifying and eliminating barriers that prevent any underrepresented and/or marginalized student populations from achieving. Further, we are committed to developing pathways, providing support systems, and increasing access to a rigorous and challenging curriculum, programs, and offerings.

Goal 2 - Personnel Growth, Development and Success: Lynchburg City Schools strives to recruit, hire, support, train, and retain employees to build excellence in education and, most importantly, to meet the needs of all students.

Rationale: Lynchburg City Schools understands that student success is directly dependent upon creating a vibrant culture of learning that is embraced by everyone. We recognize the benefit of establishing professional learning communities grounded in effective research-based strategies that support intellectual thinking and personal growth. We commit to be an educational community that employs the most talented educators and

support staff; offers a rigorous, authentic and experiential curriculum; provides numerous and ongoing learning opportunities for families and caregivers, and is led by a supportive, high performing school board.

Equity Habits: In order to achieve our goal, Lynchburg City Schools will be purposeful and intentional by providing every employee with the training and skills needed to craft engaging learning opportunities, create a climate of support and inclusivity, and respond appropriately and effectively to the diverse needs of our staff, students and families. Further, we are committed to applying and demonstrating these effective practices in our day-to-day interactions with colleagues, students, and families.

<u>Goal 3 – Fiscal Responsibility</u>: Lynchburg City Schools operates in an efficient, effective, timely, and transparent manner with fiscal responsibility to meet our diverse financial needs and develop resources that advance the educational outcomes of all students.

- Rationale: Lynchburg City Schools recognizes and embraces our responsibility to provide safe, clean, and well-maintained educational learning facilities; to hire, mentor and retain high-quality and talented professionals; and to use resources wisely to provide children with opportunities and experiences that enhance their academic, social, emotional, behavioral and physical development. As the demand for more quality programs, services, offerings, and experiences increases, we aim to become more effective at maximizing cost benefits, productivity, efficiency, return on investment, and grant revenue generation.
- Equity Habits: In order to achieve our goal, Lynchburg City Schools will be purposeful and intentional about our efforts to ensure that resources (money, time, and talent) are distributed equitably. We also commit to ensuring that any underrepresented and/or marginalized populations (students, staff, and families) have the necessary resources to address the specific needs of our students.

Goal 4 - Family and Community Engagement: Lynchburg City Schools purposefully works collaboratively with families, community, and businesses to provide the best education for our students.

- Rationale: Lynchburg City Schools recognizes that the schools, families, businesses, and the community share the responsibility of fostering an inspiring, motivating, equitable and engaging learning environment for all students. We also assert that learning should not be confined to or limited by school walls and experiential learning within the community makes up a vital part of a student's education. We welcome families, businesses and the community to partner with us in providing authentic, relevant and enriching learning experiences for our students inside and outside of school.
- Equity Habits: In order to achieve our goal, Lynchburg City Schools will be purposeful and intentional about our efforts to invite, include, engage, and support any underrepresented and/or marginalized populations which may include students, staff, families, neighborhoods, and/or communities in our City.

Goal 2 – Personnel Growth, Development and Success: Lynchburg City Schools strives to recruit, hire, support, train, and retain employees to build excellence in education and, most importantly, to meet the needs of all students.

Rationale: Lynchburg City Schools understands that student success is directly dependent upon creating a vibrant culture of learning that is embraced by everyone. We recognize the benefit of establishing professional learning communities grounded in effective research-based strategies that support intellectual thinking and personal growth. We commit to be an educational community that employs the most talented educators and support staff; offers a rigorous, authentic and experiential curriculum; provides numerous and ongoing learning opportunities for families and caregivers, and is led by a supportive, high performing school board.

Equity Habits: In order to achieve our goal, Lynchburg City Schools will be purposeful and intentional by providing every employee with the training and skills needed to craft engaging learning opportunities, create a climate of support and inclusivity, and respond appropriately and effectively to the diverse needs of our staff, students and families. Further, we are committed to applying and demonstrating these effective practices in our day-to-day interactions with colleagues, students, and families.

Goal 3 – Fiscal Responsibility: Lynchburg City Schools operates in an efficient, effective, timely, and transparent manner with fiscal responsibility to meet our diverse financial needs and develop resources that advance the educational outcomes of all students.

Rationale: Lynchburg City Schools recognizes and embraces our responsibility to provide safe, clean, and well-maintained educational learning facilities; to hire, mentor and retain high-quality and talented professionals; and to use resources wisely to provide children with opportunities and experiences that enhance their academic, social, emotional, behavioral and physical development. As the demand for more quality programs, services, offerings, and experiences increases, we aim to become more effective at maximizing cost benefits, productivity, efficiency, return on investment, and grant revenue generation.

Equity Habits: In order to achieve our goal, Lynchburg City Schools will be purposeful and intentional about our efforts to ensure that resources (money, time, and talent) are distributed equitably. We also commit to ensuring that any underrepresented and/or marginalized populations (students, staff, and families) have the necessary resources to address the specific needs of our students.

Goal 4 – Family and Community Engagement: Lynchburg City Schools purposefully works collaboratively with families, community, and businesses to provide the best education for our students.

Rationale: Lynchburg City Schools recognizes that the schools, families, businesses, and the community share the responsibility of fostering an inspiring, motivating, equitable and engaging learning environment for all students. We also assert that learning should not be confined to or limited by school walls and experiential learning within the community makes up a vital part of a student's education. We welcome families, businesses and the community to partner with us in providing authentic, relevant and enriching learning experiences for our students inside and outside of school.

Equity Habits: In order to achieve our goal, Lynchburg City Schools will be purposeful and intentional about our efforts to invite, include, engage, and support any underrepresented and/or marginalized populations which may include students, staff, families, neighborhoods, and/or communities in our City.
